

Support your Child's Journey into Reception

FREE Courses for Parents

★ Growing Independence

This workshop helps children develop key self-care skills, and feeling confident spending short periods of time with trusted adults.

★ Developing Positive Bedtime Routines

This workshop helps families establish calm bedtime routines, manage screen time, and support habits for a good night's sleep.

★ Physical Development

Explore ways to support children's physical development and readiness through movement, coordination, and active play.

★ Communication and Language

Develop listening skills, simple instruction-following, confident talking about interests, and joining in with songs and conversations.

★ Building Relationships and Communicating

Practice sharing with toys, talking to them about how they feel. Looking at story books together and speaking about what characters are feeling.

★ Play, Creativity and Curiosity

This session encourages imaginative play, creative activities, and story sharing, helping children explore their world and build confidence and curiosity.
